Yearbook Dedication

Mr. Gregory Blanchfield

The Class of 2015 would like to dedicate this yearbook to Mr. Gregory Blanchfield. Mr. Blanchfield was the principal at Windsor Locks Middle School while The Class of 2015 attended. Mr. Blanchfield retired a couple years following our 8th Grade graduation. He then came back our senior year as our interim principal. When his term was finished he stayed in touch with every student. Sending each student a post card from Mexico, reminding each student of the importance of their morals, celebrating their achievements and wishing them good luck for the future. The Class of 2015 could not be more thankful for all you have done for us. The following note from Mr. B speaks of his connection and dedication to our class over the years...

To the students of the graduating class of 2015,

It is with great enthusiasm that I write this congratulatory note to you, the class of 2015! I am humbled and gratified to be asked to write a few reflective thoughts regarding such an exceptional group of young women and men.

My perspective is unique: who else can say he had the privilege of being part of this class both during your years in middle school as well as your senior high school year? Wow! What a ride! You kept me on my toes, energized me, and gave me much more in terms of individual and group success than I provided to you.

As students you are winners! I have watched you grow and mature into an outstanding group of citizens. Whether I was a cheerleader on the sidelines of your athletic pursuits, sitting in the audience of your musical and dramatic presentations or observing you in art, tech ed, world language, science, or math classes, I saw that you guys "get it". You make the most of your talents and skills.

Every class has its own personality and this 2015 class ranks near the top in my experience. You are fun to be with. You have a wonderful sense of humor, are not afraid to advocate for yourselves, and have a sense of fairness and equity that will serve you well as you move forward in your careers.

I have been very fortunate to have been a small part of your Windsor Locks Public School experience. I congratulate each and every member of the senior class and wish you well in the pursuit of your dreams.

Bravo class of 2015!

Mr. B

Everyone who said that high school goes by fast is right. These four years went by extremely fast. These years were fun (sort of). If it wasn't for my friends I'd be extremely stressed out and I want to say thanks to them. There's too many to name but I just want to say thanks, you guys are awesome!

High school has been, interesting. In short, I can call the last four years as crazy, a learning experience, and of course stressful. Though classwork and projects were never truly a problem, everything else sure was a challenge, but I've managed to pull through and keep my head held high and even learn more than what is taught outside of the traditional classroom. Best of luck to all!

I moved here at the beginning of 8th grade. Things started off a little rough, but over time I was able to meet some pretty amazing people. Sure things seemed pretty stupid then, and maybe they still are. All that matters is we had a good time, and memories were made.

"Sometimes you never truly understand the value of a moment until it becomes a memory."

Reed Lynch

First off I want to thank my parents for putting up with me all the time, and to my brother and sister for being there. High school went by to fast and if you don't slow down to enjoy it it'll be gone before you even know. I will also thank all my friends for making high school legendary: Austin, Tony, Josh, Connor, Black Steve, Brennan, JT, Killa Kham, Ryan, Mario, Travis, and Chemo...

Mariusz Maciorowski

I enjoyed being part of the class of 2015 for we had the funnest people and best memories. I will mostly miss the soccer team because of how close the team was to one another. But after graduation I will attend college and major in engineering. I will also go to casinos to play poker and invest in stocks because that is easy money.

It's been a crazy 3 years for me here in Windsor Locks, and this town is full of amazing friends and is filled with so many memories. It's hard to believe that we've made it this far, and that we're actually seniors now. I'd like to thank Rob, Travis, Ryan, Jordan K, and Zak for helping me get through high school, and my beautiful gorgeous Katie Cobb ;) haha

High school has taught me to make the most of the little time we do have with no regrets, 'cause nothing is ever promised tomorrow, today. It's bittersweet but I know this is only the beginning. I want to thank my mom for playing both the mother and father role, my two sisters and friends Colli, Stephen, Kham, and Tony for sticking with me through thick and thin.

I want to thank all my friends for dealing with me throughout these years and making my high school career a memorable one. I also want to thank my family for all the support and patience they've had with me, especially between this last year and a half, thank you all. Though school seemed to last forever, it's all done now. Good luck to the rest of the Class of 2015.

It is time for us to finally move onto the next part of
our journey. This class had it's ups and downs
happy moments, crappy moments, new people
come, old people leave, new teachers every year
but its time to leave it up to the classes to come to
follow us in our foot steps. Hey Shelbie I didn't drop

These past two years have been a lot of fun. I have met so many people. All of them I am happy to call my friends. I was amazed that everyone welcomed me with open arms & am grateful for that. I want to especially thank everyone in choir & Mrs. Schober for being so supportive & pushing me to do things I wouldn't normally do. I couldn't have done it without all of you! I joined the class of 2015 back in 2006. I was never a particularly social child, finding solace in the company of teachers rather than students. Described as "cold" and "distant", I ended up making very few friends. Over the course of my time here, I found my way into several friendships, on top of the honor roll, and this year, I graduate with the support and strength of many people behind me.

What I learned in school- I learned that test scores are more concerning than the students actually learning, to always conform to the social norm, to forget my personality and lose all individuality, to be eternally stressed and ultimately depressed, how to feel dull, like stones fill my skull, the only way to be wise is to memorize, and to compromise my education just for a school's domination

Well, isn't this the best way to start your high school career?? School opening delay due to a massive hurricane that hit Connecticut! Widespread tree damage blocks roads and shuts down power. Kids get an extended summer!

Freak October Snow Storm Cripples State were the headlines for the 2012 school year. Snow laden roofs, continued tree and limb damage, power outages, once again delay school for a significant period of time!. Students help out at the HS feeding displaced WL residents, while others help at the Fire House taking care of the exhausted emergency crew

It is never easy to say good bye to a graduating class, and this one will be one of the toughest to whom we must say good-bye. Luckily, good-bye doesn't mean forever, and doors will open for you rather than close. Moving from High School out into the world is a big step and there are so many opportunities for you to take, so many experiences waiting for you to enjoy. So our gift to you is a few parting words....

Congratulations Adrianna and to The Class of 2015!!

Adrianna, we could tell you to stay true to yourself, but we know you already listen to your heart and care passionately about things that are important to you. We could say to make the most of every day, but you already live life with energy and compassion and an open mind. You already know all about making moments count. We could encourage you to follow your dreams and reach for those sparkling stars, but you already are and let us say you shine beautifully in all you do... We wonder what incredible things you'll do next and we are very proud of everything you have accomplished and become. You have so many unique gifts and talents to share with others. May you continue to always follow your heart and trust in your abilities and know that those who love and believe in you find so much joy in you. You are loved and admired for The little girl you were...The special woman you are now...And the wonderful Daughter, Sister, Grand-Daughter, Niece, Cousin "Sissy" and Friend you will always be.

With Lots of Love, All Your Family and Friends

Brian,

We are extremely proud of the fine young man you have become. You have brought so much joy to our lives. Your bright, kind and caring way, coupled with your adventurous spirit and great sense of humor are attributes that are sure to bring you success in whatever you choose to do. As this short chapter of your life comes to an end, cherish all the great memories you have made along the way. The time has come to embrace the future before you. Be passionate about all you do. Accept new challenges. Explore the world. With hard work and determination your dreams can become reality. And most of all—Enjoy life and be happy- remember the best is yet to be!!

Love you always,

Mom and Dad

"Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover."

Mark Twain

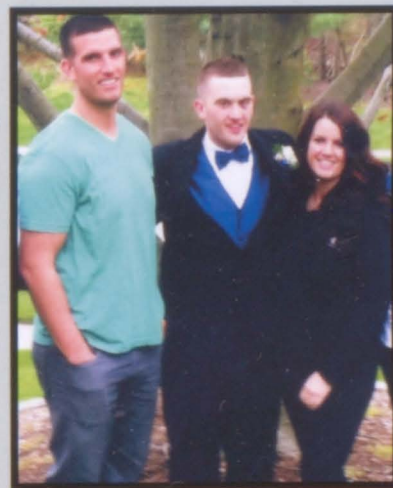

Brian,

You will always be our "little brother" and we will always be here for you. We have walked the path ahead of you and certainly have given you plenty of advice, but we have proudly watched you create your own path and grow into your own special "you." You have given us many smiles and laughter along the way. We look forward to seeing what the future has in store for you!! As Henry David Thoreau once said "Go confidently in the direction of your dreams. Live the life you've imagined"

Congratulations and Good Luck to you and the class of 2015

Love,
